Wanna see a movie and get popcorn?

Well, I dunno. I have this rule, see...

I only go to a movie if it satisfies three basic requirements. One, it has to have at least two women in it.

Who, two, talk to each other about, three, something besides a man.

Pretty strict, but a good idea. No kidding. Last movie I was able to see was Alien...

...the two women in it talk to each other about the monster.

Wanna go to my house and make popcorn?

Now you're talkin'.
